

KMAC

DJ K-MAC has established himself as a go-to club and corporate favorite in the San Francisco Bay Area.

"Having a large library of music is one thing, being able to execute and program the music to a room, crowd, or event is another."

Known as a well versed multi-genre DJ with a strong knowledge of the dance floor, K-MAC is highly noted for his ability to curate a room. From providing an ambiance, to having guests tap their feet, to a full on dance party, driving an event is what he does best, and has made K-MAC one of the city's most sought after DJs for any event and venue.

While making his rounds in the city's nightlife circuit including monthly and weekly residencies; he is also a featured DJ with the **W San Francisco, Infusion Lounge**, and **99.7 [NOW!] KMQV FM** weekly mix show *"The Saturday Night Turn Up"*. In addition to keeping busy in his home town, K-MAC has guest DJ set appearances in Las Vegas including Caesars Palace, the M Resort, Palazzo Hotel, and at New York's hotspot Beauty & Essex.

Based in Silicon Valley, K-MAC works with a number of corporate and start-up clients. He has been a go-to DJ for corporate events inside Infusion Lounge in San Francisco for clients including **Cisco**, **Nike**, and **Salesforce**. He was called to spin for one of the NFL's VIP events at **Super Bowl 50 @ Levi's Stadium** (2016), and 49er Coach Shanahan's Pre Season Kick-Off Event (2017). K-MAC is also partnered with **RAE Agency** where he works seamlessly with their cirque performers, dance team, models, and musicians catering a full production experience.
